

# Estate Pride Bid Survey

---

## SURVEY RESPONSE REPORT

06 December 2021 - 29 August 2023

### PROJECT NAME:

Tintagel Estates Pride Bid

Tintagel Community Space has gone from strength to strength over the past few years. With the success of Project Derby, the committee is looking to apply for an Estates Pride Bid through Derby Homes.

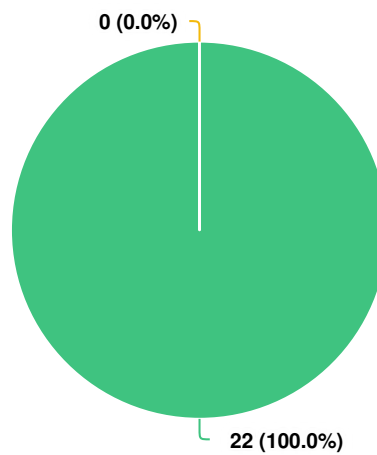

This funding would enable Project Derby to develop the outdoor space, with the addition of a summer house. This would mean that all food bank and community pantry related tasks can continue inside, whilst running extra community activities outdoors, including training and school holiday activity provision.

We surveyed Derby Homes customers living near Tintagel Community Space and people accessing the activities, to gather their views on the plans. These are captured in this report.

I think it will add extra things for us to do and work on my crafts with more space

This would be a fantastic addition to our community as our common room, is rather full, we do quite a lot of crafts, which means we could do them in the summer house, giving us more room for other activities in the common room.

I want to help bring community together. I've got ideas for craft and garden activities that we need space for. It will be a space for the kids and parents to spend time together and talk without the disruption of other activities

Because it will benefit all the community and it will be a place to meet new friends have a chat and a cuppa help out in the garden and shelter if it's raining also it's good for people's mental health to get out

I think it would be a positive for the community to be all able to come together and have more space as it seems to get more and more busy which is fantastic, activities that we do here are great and it's such a positive atmosphere to be in.

It will make more room and more activities for the community, a lot

6/02/2023 02:00 PM

better for us all

Screen Name Redacted

Better for everyone involved

6/02/2023 02:03 PM

Loads of people come. All the activities we do we always run out of room especially when the pantry is open

6/02/2023 02:11 PM

Screen Name Redacted

This will be a fantastic addition to the project, meaning more room, and more activities in the garden.

To give disabled people shelter out of the rain, protect them from the sun. Also to keep people warm when the weather is cold. To make the most of the space and enjoy the garden all year round. To encourage and grow the community spirit and strength

We currently don't have facilities to provide tea, coffee, refreshments, water or food to our community in this area. With a summer house we would have space to not only keep these items cool and fresh but to make sure they could have what they needed. As a result of this, the vulnerable or care dependant users of this area would be able to enjoy all the benefits of project Derby.

I deliver Tai Chi at the centre and we're always restricted because of the lack of space. If activities can be moved to a summerhouse, my group can recruit more people

It will help get more of the community together. I have lots of ideas for more activities. Extra space, pram and disabled friendly. Somewhere to go and chill - it will be perfect there

I coordinate the activities at the centre and community Garden. Over the last 12 months membership has doubled. Currently, there simply

6/16/2023 12:57 PM

isn't enough space for the community to engage with the activities and no way to develop new projects. The location is ideal in the garden.
