NWEST 71 127 O 12-Sep-11 LAURA SPENCER 12-Sep-11 12-Sep-11 A resident of Parker Street asked HO for update regarding reycling being implemented. HO took to the last HFG a bid to reduce the size of large drying area at Parker Street, to halve it into a smaller separate drying area and separate area for recycling, as the recycling area near the shops on Parker Street has recently been taken away. HO advised resident at meeting that this issue is still being looked into, as there is little point in DH doing the work until Waste Management has agreed to install recycling facility in area. This has been agreed in principle by Waste Management but no definite plans have been put in place. Val Lambert has a meeting with Waste Management on Tuesday 13 September 2011 to raise issue again and to try and get scheme implemented asap. Will update after meeting.
