

### DERBY HOMES BOARD 29 SEPTEMBER 2011

### **HEALTH AND SAFETY UPDATE**

Report of the Director of Housing & Customer Service

### 1. SUMMARY

Details of recent health and safety performance and current issues.

### 2. RECOMMENDATION

To consider the report.

### 3. MATTER FOR CONSIDERATION

### 3.1 ACCIDENT AND INCIDENT REPORTS

Accidents and incidents involving Derby Homes' staff are recorded using a formal reporting system. In May and June there were 7 reported accidents. Two of these resulted in Lost Time Accidents (LTA). In one incident, two operatives stood on a wasp nest and both received multiple stings. In the other incident, an operative appears to have aggravated an existing knee injury while moving kitchen appliances.

More details are shown in the attached accident and incident trends chart (Appendix 1).

### 3.2 VIOLENCE AND AGGRESSION REPORTS

Violent, aggressive or abusive incidents towards staff are reported by staff using a formal reporting system. Appropriate action is always taken against the perpetrator. In May and June there were 5 reported cases of violence, aggression or abuse towards staff. More details are shown in the attached violence and aggression trends chart along with related incidents (Appendix 1).

### 3.3 NEW FIRE SAFETY GUIDANCE FOR PURPOSE BUILT BLOCKS OF FLATS

The Local Government Improvement and Development Group (previously IDeA) has now published specific fire safety guidance for purpose built blocks of flats, in a 192 page guide.

3.4 From initial review of the guide, it takes a common sense approach to how the Regulatory Reform (Fire Safety) Order should be applied to flats. It attempts to reign in some of the more onerous recommendations and interpretations of the legislation that have been put forward by some parts of the fire service and same risk assessors.

Version: 8.0 Modified: 30 April 2010 3.5 Generally, the guide will be of benefit to Derby Homes and gives weight and support to our general approach to fire management.

### 4. HEALTH & SAFETY IMPLICATIONS
