

Derby Homes is an Arms Length Housing Organisation, set up by Derby City Council to provide housing management and maintenance services to its 15,000 council tenants. We have recently been awarded 3 stars by the Audit Commission for the excellence of our services.

Independent Board Member

We have a vacancy on our Board for an Independent Board member.

We are particularly interested to hear from people who have skills and experience in finance, business, law, construction and building maintenance, community work, equal opportunities or housing.

Although Board membership is unpaid, travelling costs and out of pocket expenses will be met.

A recruitment panel of current Board members will select the appropriate candidate.

If you want to be part of our exciting agenda and feel you can add value, we would like to hear from you.

Derby Homes is committed to equality of opportunity in employment and service delivery. We particularly welcome applications from BME individuals, women and people with disabilities, who are currently underrepresented on our Board.
