

LOCAL HOUSING BOARD NORTH 9 SEPTEMBER 2010

ITEM A5

BURGLARY REDUCTION PROJECT

Report of the Chief Executive of Derby Homes

1. SUMMARY

- 1.1 This report updates the Local Housing Boards on the above project and seeks agreement to extend the funding for this work from the end of the current Service Level Agreement in June 2011 by a further two years from July 2011.
- 1.2 The project is designed to increase the security of peoples' homes and thus reduce their living in fear of being a victim of crime. Since 2002, 2,361 homes have had their security improved as a result.

2. RECOMMENDATION

That given the high satisfaction rates with the work done to date and a reduction in fear of crime, the Local Housing Board agrees to extend the funding from the Estate Pride budget to July 2013.

3. MATTER FOR CONSIDERATION

- 3.1 The Burglary Reduction Project has been running since 2002, and is run by the Derby Community Safety Partnership although funded by Derby Homes. There has been a Service Level Agreement (SLA) between Derby Homes and with the Safety Partnership since 2009 and a commitment was given in this SLA to secure 800 homes in the current programme.
- 3.2 Currently, 397 homes have been secured in the current programme and it is on target.
- 3.3 Standard work done by the scheme comprises of:
 - A professional crime prevention survey of the property
 - Fitting of appropriate locks
 - Advice to tenants about security issues (dealing with distraction burglaries).
- 3.4 The scheme has also funded other security improvements such as:
 - SmartWater kits property marking kits to enable recovery of items stolen from homes.
 - Anti-climb paint on Derby Homes garages and properties.
 - Installation of discrete CCTV cameras in problem areas.

Version: 7.0 Modified: 30 April 2010 A5 Burglary Reduction.doc Title: FO-Board Report Page 1 of 2

4. CONSULTATION IMPLICATIONS

The project has been well received and we have consulted with users about their satisfaction of the service. The latest feedback records for this year record that all 304 respondents stated that they were less fearful of crime as a result of this project (please see Appendix 1).

5. FINANCIAL AND BUSINESS PLAN IMPLICATIONS

This decision will impact on the future Estate Pride budgets and this financial commitment will need to be factored into budget preparations up to 2013. It is proposed that the current budget of £80,000 per year be maintained (approximately £100 per property) for the extended period.

EQUALITIES IMPACT ASSESSMENT 6.

An Equalities Impact Assessment may need to be carried out for the project especially if the Local Housing Board agrees to extend it by two more years.

The areas listed below have no implications directly arising from this report

- Legal and Confidentiality
- Personnel
- Environmental
- Health & Safety
- Risk
- Policy Review
