

Dear Resident

## **PROVISION OF CAR PARKING - SECOND PHASE OF CONSULTATION**

As you are aware a meeting was held last week on Friday 15 November to discuss the car parking options and their long-term implications in detail. The meeting was very well attended with lively debate and contributions from residents and a panel of experts. A copy of the arguments for and against is attached for your information to help you make up your mind.

We also discussed the contents of a letter received by Derby Homes from the Fire Service. As you will note, the letter refers to an incident in September in which fire crew were unable to gain full access to a fire in a flat because of the number of cars parked in the turning head. Fortunately the fire was small but it could have caused severe difficulties for the crew if the fire was a bit more serious.

A considerable debate took place around this issue and it was made clear that whilst Derby Homes recognised the residents' wish for secure car parking, their personal safety and well being was of paramount importance. A copy of the letter is attached for the benefit of those who could not attend the meeting.

Please do take the time to consider all the information provided to make sure you do understand the long-term impact of your decision. We must get it right this time – it is your decision and you will have to live with it! Please express your preference by completing the slip below.

- **Improve the main car park with some provision (if possible) for disabled peoples' needs.** ☐
- **Provide secure car parking in the main car park only.** ☐
- **Create parking spaces within Donington Close.** ☐
  
- 1. **Cars in Donington Close should be removed immediately.** ☐
- 2. **Cars in Donington Close be allowed to remain until main car park is secured.** ☐
