

## Appendix 3

**Comparable graphs for the Sussex Circus Office for the period 1 October 2018 – 31 March 2019 and the previous reporting period 1 April 2018 – 30 September 2018**

### Comments from Area Housing Manager Graham Walton

Fly-tipping cases have declined for the area as a whole over the past 6 months but are dealt with immediately by our Estate Response Officers. We have also held a number of compactor days in partnership with the Neighbourhood Team across all wards within our management area and removed many tonnes of rubbish which otherwise had the potential to be fly-tipped.

We are not currently experiencing any parking issues or problems with abandoned vehicles on our land. We have introduced a number of new parking permit schemes which may have influenced this.

Communal issues and Highways issues remain fairly static and at a low level, whilst repairs issues, although at a higher level, also remain static.
