

### Summary of Current Open Cases for the North

HFG	Date	Issue	Responsible Team
North East	27 April 2009	There are problems around West Road and Church Street Spondon where some Estates Pride work has left a load of mud in the area. Grass seed hasn't taken and the area looks a mess.	Shaun Bennett
North West	05 May 2009	Jim and Barbara keep getting their door buzzer rung by contractors, who are calling at Rebecca House to carry out communal work. The workmen obviously have not been to the local office or have no pre planned way of gaining access, without having to disturb residents who are mostly too old or physically not able to keep getting up to let them in. This has been going on for some time, despite being raised previously.	Shaun Bennett
