3.	REASON(S) FOR RECOMMENDATION(S)
3.1	The Derby Youth Alliance made a significant impact and delivered a range of exceptional outcomes during 2024/2025, supported in part by the Derby Homes Youth Alliance Grant.
3.2	The Annual Evaluation demonstrates how the Derby Youth Alliance supports the ambitions of Derby City Council and Derby Homes in the delivery of interventions which are preventative and/or diversionary, and/or improve wellbeing and services for those at risk of anti-social behaviour and crime in homes and estates that we manage.

4.	MATTERS FOR CONSIDERATION
4.1	Derby Homes is committed to supporting Derby's children and young people through identifying the right services and providing opportunities which can help make a positive impact. We acknowledge that young people living in the homes we manage may face more adversities due to current economic and social divisions. These challenges can be supported more effectively when working in partnership across the city.
4.2	The Youth Alliance (YA) is a collaboration of partner agencies working across the city with a purpose of reducing risks and improving the opportunities and the wellbeing of young people. They do this through regular consultations with the youth of Derby city, alongside seamless reflection of city-wide strategies and initiatives. As part of the CYP strategy, Derby Homes committed to supporting the Youth Alliance as a partnership for the future, to help with services for young people. Their model is collaborative working with existing specialist and grass-roots organisations, to deliver interventions across a multitude of intersections, of individual young people, families, and hot-spot areas in the community.
4.3	The aims and objectives of the YA are working towards raising aspirations, assisting in breaking the cycle of low educational attainment, tackling worklessness,' and promoting citizenship. Through partnership work we can deliver enhanced engagement that addresses these issues and helps overcome barriers faced by young people.
4.4	<p>The vision of the Derby Youth Alliance is to work towards Derby being:</p> <ul style="list-style-type: none"> • a city where young people are safe, feel supported and are celebrated. • a city with diverse opportunities for young people to do activities in safe supported environments. • a city that puts the needs of the most challenged young people first • an inclusive city where young people are listened to and have a voice. • a city where young people feel happy, safe, and empowered. <p>Their mission statement is: <i>To provide a network of providers working collaboratively to support Derby City's young people to be safe, to develop and prosper.</i></p>

	The focus of the Youth Alliance should always be based around the needs of the most vulnerable and challenged young people and deprived communities.
4.5	Our partnership with the Youth Alliance creates opportunity to give our communities access to skills and experience they may not have been able to access previously. The strength of the Alliance is the ability to provide opportunities that are tailored to the needs of the individual and the community.
4.6	As part of the steering and networking group of the Alliance, Derby Homes are in a strong position to drive aspirations, coordinate solutions and influence services. The Alliance continues to demonstrate that VCSE sector can co-produce and collaborate on projects that are much more cost-effective than silo working.
